Judge Kirkham Agrees With  
Teacher, Discipline Necessary

Judge John H. Kirkham issued a warning to persons in the north-western section of the city against interfering with the conduct of classrooms, at the Sacred Heart school, when Mrs. Stazowska of Gold street was arraigned before him this morning on a charge of breach of the peace. Three of the teachers testified that Mrs. Stazowska and her friends have been a source of annoyance for several weeks. The court found the accused guilty, but suspended judgment.

### Women Makes Trouble.

According to the testimony of the teachers, the accused, who occupies the third floor tenement of a house directly opposite the school, comes out on the veranda with a number of other women and proceeds to insult the teachers. She calls to the pupils to do whatever they desire, ignoring all manner of discipline. The language used by the defendant would not bear repetition, they testified.

The witnesses reminded the court that the problem of disciplining the boys at that school is an unusually difficult one, to which fact the judge readily agreed. Interference, he said, must be stopped. He recommended that parents, if they have any complaints regarding the methods of conducting classes at the school, report the matter to the school authorities, or, if they feel it is justified, to the police.

Mrs. Stazowska testified that her friends upbraided one of the teachers for striking a boy. She denied, however, that she had been responsible for the annoyance about which the school authorities complained.

### Called Boy "Honky."

Bernard Pilaski, aged 14, objected to being called a "honky" yesterday afternoon, so he struck the 10 year old son of Joseph Samsel. When Samsel heard about the incident he walked out to the street where he remonstrated with the Pilaski boy, later striking him. The police were notified. Samsel was arrested on a breach of the peace charge, but as the matter seemed trivial, judgment was suspended upon the payment of costs this morning.

Harold Hatch was fined \$2 without cost for parking his car in a restricted part of West Main street.

### Three Charges Brought.

A fine of \$7 was imposed for drunkenness and 10 days in jail on charges of breach of the peace and resistance judgment being suspended on the latter penalty, when Joseph Zisk was brought to trial. He was arrested last night by Patrolman Patrick O'Mara following complaints by members of his family that he was drunk and had struck his son. When the policeman went to the house Zisk gave him battle but was overpowered.

Mike Manning was "sick" yesterday afternoon. He was arrested by Patrolman Michael Flynn on a drunkenness charge after he had taken some liquor to cure his ailments. A \$7 fine was imposed.

### COURT CASES ASSIGNED.

Trial Dates For Law Suits Are Decided Upon.

Assignments of cases to be tried in the city court were made at the short calendar session yesterday afternoon, as follows:

Wednesday, October 27, at 10 a. m., Frank Saday, by J. G. Woods vs. B. Marholm, by M. D. Saxe; Thursday, October 28, at 10 a. m., Byron Baker, by E. T. Hinzrose, vs. Frank Lazette, by J. G. Woods; Thursday, October 28, at 10 a. m., Samuel Miller, by W. M. Greenstein, vs. Thomas Chernick, by A. L. Greenberg; Thursday, November 1, at 10 a. m., B. Schneider & Sons, by I. P. Roche, vs. Abraham M. Kaplan, et al., by M. D. Saxe.

## CANDIDATE FENN IS SURE OF ELECTION

Congressional Nominee Addresses  
Rally at Judd's Hall

E. Hart Fenn, republican congressional candidate for the first district spoke last night at a rally held at Judd's hall under the direction of the Sixth Ward Republican Club.

He laid stress on the fallacy of the democratic claims and promises; the dangers in the adoption of the League of Nations; also, he expressed a belief that the entire republican ticket would be elected. President G. W. Troop presided. Lawyer C. J. Danaher of Meriden, was one of the speakers. He arraigned the democrat party for its policies and contrasted the candidates for the presidency on the democrat and republican tickets.

The League of Nations, Mr. Fenn said, is not the most important issue of the present campaign, but because of the fact that the democrat leaders insist upon making it appear as one, it becomes necessary for republican speakers to answer their claims. The document is not in keeping with the Monroe Doctrine nor the policies of America; it has been the policy of England to expand its power over the seas but America is content to remain in its present confines, he said, and for that reason the Philippines were accepted only after Spain had fallen down on the job.

Mr. Fenn expressed a belief that tariff and taxes will consume a great part of the time of the next session and, inasmuch as the first congressional district is one of the largest hardware and agricultural districts in the country, he felt there was great responsibility placed in the hands of the man who was to represent it in Congress. He held of the necessity of a republican congress for the republican president, who he is sure will be elected. With pleasure, he told the audience, he has accepted the national and state platforms of the G. O. P.

## What is Period Furniture?

We have been hearing a great deal lately about period furniture. What is it? It is a modern reproduction of old designs, so artistic, useful and durable that they have continued—in some cases—for centuries. Before you buy that new table, it will pay you to know something about "Period Furniture."

### TYPE OF SHERATON TABLE

Thomas Sheraton designed exceedingly dainty tables with smooth, uncarved surfaces and delicate decorations of inlay or painting. They have either the rounded or tapered square legs.

The tops of the tables vary greatly in shape and manner. Some are arranged for increasing the size by means of leaves.

Sheraton often employed Angelica Kauffmann, the famous woman artist, to paint her designs on his finest tables.

We have some splendid Sheraton Dining Suites.
